Corpus (Douro)

Douro: The birth place of all Port wines. The region, declared world heritage by UNESCO for the excellence of its wines and the unique setting of its vine plantations, is at the forefront of Portuguese quality wines. And then, there are wines which deserve to be called special among the special. Corpus is such a wine. Its high level of concentration is evident in the dark colour and the intense nose with the typical aromas of the Touriga Nacional and the Touriga Franca grapes together with rustic plants and subtle minerality. In the mouth it is enticing, full-bodied but fine and elegant, a vigorous warrior with the sensitivity of an artist. A long intense finish puts the crown on an unforgettable experience which someone once expressed as a true orgy of the senses, the theme now displayed on the bottle label by the hand of well known architect Siza Vieira. Enjoy!
